
X-Cleaner Pro

Technical Specifications

Pro Stain Remover Gel for removing coloured stains such as drinks, food and ink from all materials

Product description

X-Cleaner Pro is a water-based gel stain remover for removing coloured organic stains, such as drinks, food, ink, mould and algae. The product can be used on all materials.

Performance

Versatile, it can be used on all surfaces
Water-based product
High stain-removing power
It does not alter the treated surfaces

Uses

X-Cleaner Pro is a versatile product that can be used on any ceramic or natural stone surface.
Easily removes various coloured stains such as: coffee, red wine, fruit, fruit juices, mould, algae, ink, etc.
Its viscous gel formulation ensures longer contact time with the stain and allows it to be applied even on vertical surfaces.

Product specifications

Appearance	Thick gel-like liquid
Colour	Colourless
Odour	Hypochlorite
Customs heading	28289000
Responsible packaging	0.5 l recycled plastic bottles
Shelf life	12 months in the original packaging, away from heat sources and direct light. Keep away from frost.

Application Specifications

Working time	10–20 minutes up to a few hours
Flammability	No
pH	11,0 - 12,0
Specific gravity	1.12 kg/l
Application	Starlike® white sponge or felt
Permissible application temperatures	From +5°C to +35°C
Coverage	Depending on the extent of the stain

Application

Shake well before use.
The product should be applied undiluted directly to the affected stain and left to work for periods ranging from 10–20 minutes for fresh stains, up to overnight for more stubborn stains.
Then remove the product with a clean cloth and rinse.
If an improvement is noticed following the first application, repeat the application in the same way.

Warnings

Apply the product at temperatures between +5°C and +35°C
When handling the product, wear suitable protective clothing. Follow the instructions on the label and in the relevant safety data sheet
Before use, protect doors, window frames, rubber seals, furniture, taps, metal or PVC profiles and all surfaces that could be damaged by direct contact with the cleaning agents
Do not apply the product to wet or overheated surfaces
Do not apply the product in combination with other chemicals
Do not use to remove oil stains
In the case of highly absorbent surfaces, lightly dampen with water before applying the product
Do not use the product for applications not listed on this technical data sheet
