
X-Cleaner Shine

Technical Specifications

Eco-friendly neutral cleaner for the daily cleaning of all surfaces. Cleans without leaving residues or streaks; no rinsing required

Product description X-Cleaner Shine is a professional, water-based, neutral detergent formulated with eco-friendly, plant-derived ingredients that are rapidly biodegradable and pose no risk to human health or the environment. Unlike traditional commercial cleaners, it cleans effectively without leaving residues or streaks. No rinsing is required.

Performance Versatile, it can be used on all surfaces
Water-based product
A non-aggressive solution, suitable for use on polished marble and lapped or honed stoneware without the risk of corrosion or dulling
Suitable for timber and resin flooring
Pleasant odour
Very high coverage

Uses For indoor and outdoor use.
Thanks to its neutral formulation, the product can be used on any surface, even the most delicate ones, without the risk of causing surface damage.
Typical applications include the routine cleaning of ceramic tiles, natural stone, polished or honed stone, ceramic or glass mosaics, parquet flooring and resin flooring from the Microsuperfici® continuous range.
When used at the correct concentration, it does not require rinsing and is

highly recommended for all surfaces characterised by low or no absorbency.

Product specifications

Appearance	Liquid
Colour	Colourless
Odour	Fresh
Customs heading	3402909000
Responsible packaging	1-litre recycled plastic bottles
Shelf life	24 months in the original packaging, away from heat sources and direct light. Keep away from frost.

Application Specifications

Biodegradability (Articles 2 and 4 of Law 136 of 26 April 1983)	
Flammability	No
pH	7 - 8
Specific gravity	1.01 kg/l
Application	Mop, cloth or floor-cleaning machine
Permissible application temperatures	From +5°C to +35°C
Coverage	900–1000 m ² /l

Application

The product is a concentrate and must be diluted with water before use. Add 1–2 capfuls to 5 litres of water (one bucket) for less absorbent surfaces, or 2–3 capfuls for natural stone and terracotta. Clean the floor using standard traditional methods, either manually or by machine. If the product is used at the recommended concentrations, rinsing is not necessary.

Warnings

Apply the product at temperatures between +5°C and +35°C
Do not use the product in too concentrated a form to avoid deposits
Do not use the product for applications not listed on this Technical Data Sheet
